Write Your Essay below:

I will never forget the time that my grandfather left a positive impression on me. My grandfather and I never did much talking but it was one weekend in the summer when I was ten years old that my grandfather and I could spend some time together to get to know one another better on one particular afternoon. We were walking in the woods and talking about our family, in particular my father. I guess my grandpa wanted me to know more about my dad when he was a little boy about my age. It was fun listening to these old stories as it seemed to me that my father and I are quite similar and it put a smile on my face. When suddenly a baby bird fell out of the its nest and the mommy bird and daddy bird were not around. I panicked as I didn't know what to do because I felt very badly for the little bird which couldn't fly yet. During my panic my grandfather was very calm, kind, thoughtful and gentle. He explained to me it is best to put the baby bird back in the nest but we couldn't because the little bird broke its wing and it would surely die if we left it in the wild. So, my grandpa made the decision to bring the little chick back home with us. Through incredible kindness love and care my grandfather showed me how to be responsible by taking care of a helpless little creature. Sure enough the once tiny chick became a strong, happy, mischievous and healthy Blue Jay. We named him Chance because he got a second chance in life. I feel I owe my grandfather a lot because that moment in my life changed me for the better as I learned to think before acting and to be kind and helping to others.
